Performance Years has been supplying Pontiac parts to the restoration hobby since 1983. Our first reproduction project was completed in 1985. To date, we now wholesale more than 300 Pontiac & GM items. In 1991 we formed Performance Years Classic Locks to supply wholesale locks, lock sets, keys and related items to the entire restoration hobby. When reproducing a part we try to stay in the U.S.A. whenever possible. Approximately 50 percent of all our reproductions are US made.

Quality and originality of these knobs is unsurpassed by any other reproduction.
